"Section 6-58. 45 Utility and Other Charges Paid Directly or Indirectly to Landlord

For Rental Units not exempt from rent control under State Law the following shall apply:

A. Utility Charges Paid Directly or Indirectly to Landlord. No Utility Charge shall be unbundled nor increased except as set forth in subsection D of this Section 6-58.45.

1. Limitations on Increases to a Utility Charge. A Utility Charge is considered Rent and a Landlord shall not increase the Utility Charge for a Rental Unit by more than the Annual General Adjustment or by more than an amount authorized by a Hearing Officer pursuant to a Petition for Upward Adjustment of Rent—Fair Rate of Return. In addition, a Landlord shall not increase Rent, including the Utility Charge for a Rental Unit, more than once in any twelve (12) month period.
2. Applicability. Paragraph 1 of subsection A does not apply to any individually sub-metered Utility or a Utility for which the Tenant is billed directly by the Utility service provider (such as Alameda Municipal Power or Pacific Gas & Electric). Sub-metered water shall be subject to the requirements of Civil Code Sections 1954.204, *et seq.* Notwithstanding the foregoing, a Landlord to which paragraph 1 of subsection A does not apply shall file a declaration of exemption from the One-Time Utility Adjustment (e.g., that the Rental Unit is separately metered, that the Landlord already includes Utility Charges in the Rent for the Rental Unit), and providing documentation as specified in subparagraph c of paragraph 5 of subsection C of this Section 6-58.45 to verify the exemption.
3. Ineligibility. The One-Time Utility Adjustment Petition process shall not be available to a Landlord for Tenancies where all of the following conditions are met:
 - a. The initial rental rate for the Rental Unit was inclusive of Utility Charges that were paid by the Landlord;
 - b. On or after March 31, 2016, the Landlord ceased paying for one or more of the Utility Charges without a corresponding decrease in the Tenant's Rent and began using a RUBS; and
 - c. The Landlord demanded, and the Tenant actually paid, the Utility Charges allocated to the Tenant based on RUBS.
4. If all of the conditions in paragraph 3 of subsection A are met, it constitutes an unlawful Rent Increase that must be addressed as provided in Rent Ordinance Regulations.

B. RUBS Prohibited. On [*effective date of this ordinance*] and in accordance with

paragraphs 1 and 2 of this subsection B, Landlords are prohibited from using a RUBS. No Landlord shall impose a separate fee or charge for any Utility service that is billed to the Landlord by the Utility provider unless such Utility service is sub-metered such that the Tenant's actual usage of such Utility is measured.

1. Tenancies Commencing Prior to [effective date of this ordinance]. For any Tenancy commencing prior to [effective date of this ordinance], where the Landlord uses RUBS, a Landlord may continue to use RUBS until such date that a Utility Adjustment is implemented in accordance with the requirements and timelines set forth in subsection C of this Section 6-58.45 and approved by the Program Administrator. Proportionate shares of Utility Charges for vacant or newly rented Rental Units may not be allocated to existing Tenancies through RUBS. If a Landlord fails to file a timely petition for a Utility Adjustment, the Landlord is prohibited 60 days thereafter from using a RUBS.
2. Tenancies Commencing On or After [effective date of this ordinance]. For any Tenancy commencing on or after [effective date of this ordinance], the Landlord shall include the cost of Utilities, other than those Utilities charged directly to the Tenant by the Utility service provider or those Utilities that are sub-metered, in the total Rent for the Rental Unit. At the commencement of such Tenancy, the Landlord, in the Rental Agreement, shall indicate the fixed dollar amount of the initial Rent and specify which Utility Charges and any Housing Services that have a discernible fee associated with them are included in the initial Rent (such as water, garbage, sewer, parking, storage or for a pet).

C. One-time Utility Adjustment .

1. Purpose and Applicability.
 - a. Purpose. A Landlord may petition for a Utility Adjustment in order that all Landlords that are currently using RUBS have a process to come into compliance with this Article.
 - b. Applicability. The Utility Adjustment petition process applies only to Utility Charges, not to any other discernable charges or fees associated with other Housing Services, such as parking, storage, or for pets, that are included in the Rent for a Rental Unit.
2. Utility Adjustment Amount. The Utility Adjustment amount for each Rental Unit shall be the lesser of: (i) the average monthly Utility Charges paid by the Tenant for the period between June 1, 2025, and May 31, 2026, or the 12-month period that encompasses utility billing cycles that commence as close to June 1, 2025, as possible, adjusted by the percentage change in the

Consumer Price Index; or (ii) the sum of all applicable Housing Authority Utility Allowances effective on the date the petition for a Utility Adjustment is filed. The lesser of (i) or (ii) in the previous sentence is the maximum amount allowed for the Utility Adjustment.

3. Adjustment Less Than the Maximum. A Landlord may choose to impose less than the maximum allowed amount for the Utility Adjustment, provided, however, a Landlord who imposes less than the maximum allowed amount for the Utility Adjustment shall not apply the remainder of the Utility Adjustment amount at a later time.
4. Deadlines for Submitting a Utility Adjustment Petition. A Landlord may only submit a Utility Adjustment petition within the time provided in Table 1 below. Any Landlord who does not submit the Utility Adjustment petition by the applicable deadline in Table 1 forfeits the right to petition for a Utility Adjustment. If a Landlord fails to or chooses not to submit a Utility Adjustment Petition by the deadline provided in Table 1 below, the Program Administrator will send written notice to the Landlord and any affected Tenants that the Landlord is prohibited 60 days thereafter from using a RUBS.

Table 1: Submittal Periods for One-Time Utility Adjustment Petitions

Number of Units on Property	Submittal Periods
16 or more units	Petition must be submitted to the Program Administrator within eight (8) months of the Program Administrator's release date of petition form(s).
5-15 units	Petition must be submitted to the Program Administrator no sooner than nine (9) months and no later than sixteen (16) months of the Program Administrator's release date of petition form(s).
2-4 units	Petition must be submitted to the Program Administrator no sooner than seventeen (17) months and no later than twenty-four (24) months of the Program Administrator's release date of petition form(s).

5. Requirements for Utility Adjustment Petition. Before the deadline set forth in Table 1, a Landlord shall submit the Utility Adjustment petition on a form provided by the Program Administrator and shall provide all supporting documentation required by the Utility Adjustment petition form, this Ordinance, or Rent Ordinance Regulations. At minimum, the Landlord shall

include the following supporting documentation with the Utility Adjustment petition:

- a. A list of all Rental Units on the property with the following information about each Rental Unit:
 1. Whether the Rental Unit is occupied or vacant at the time of the filing of the petition;
 2. If occupied, the date on which the Tenancy of the Rental Unit commenced; and
 - b. Copies of all master billing statements for all Utility Charges paid by the Landlord for the entire rental property for the period between June 1, 2025, and May 31, 2026, or the 12-month period that encompasses utility billing cycles that commence as close to June 1, 2025 as possible (i.e., the billing statements from the Utility provider);
 - c. Documentary or other evidence (such as photos of individual meters, invoices from contractors demonstrating installation of individual meters or submeters, billing statements from Utility providers showing the Utility is sub-metered, or copies of Rental Agreements showing all Utilities are included with Rent) supporting a claim that one or more Rental Unit(s) are exempt from the Utility Adjustment.
 - d. For any Tenancy commencing on or after [*effective date of this ordinance*], the Landlord shall provide to the Program Administrator an example of the Rental Agreements demonstrating compliance with the requirements in paragraph 2 of subsection B.
6. Determination of Completeness of Petition. The Program Administrator shall make a determination regarding the completeness of the Utility Adjustment petition, which includes all relevant petition forms and supporting documentation. A Utility Adjustment petition is incomplete if any required fields on the form are omitted, or if the supporting documentation is incomplete, missing, or improperly marked.
7. Incomplete Utility Adjustment Petition. If the Program Administrator determines that the Utility Adjustment petition is incomplete, notice by mail and/or electronic mail (if provided) shall be provided to the Landlord that the petition is incomplete together with a list of the deficiencies in the petition and/or the supporting documentation. The Landlord may add to, amend, or revise and resubmit the petition within 15 business days after the mailing date. If the Landlord fails to add to, amend, and/or revise and resubmit the petition within 15 business days, the Landlord forfeits the right to petition for a Utility Adjustment; the Program Administrator will send written notice to both

the Landlord and any affected Tenants that the Landlord is prohibited 60 days thereafter from using a RUBS.

8. Notice of Final Administrative Determination by the Program Administrator. After review of a complete Utility Adjustment petition, the Program Administrator shall make a final determination of whether the Utility Adjustment(s) for the rental property were properly calculated. If the Program Administrator confirms that the Utility Adjustment(s) were properly calculated, then a notice shall be sent to the Landlord and the affected Tenant(s) confirming the amounts in the Utility Adjustment petition. If the Program Administrator determines that the Utility Adjustment(s) were improperly calculated, any erroneous calculations shall be corrected by the Program Administrator, and the notice with the corrected adjustment(s) shall be sent to the Landlord and the affected Tenant(s). The Program Administrator's final determination is not subject to further administrative review; provided, however, a Tenant may file a petition for a downward adjustment of rent as provided in paragraph 1 of subsection E of this Section 6-58.45.
9. Imposition of a Utility Adjustment.
 - a. A Utility Adjustment approval less than 10 months of the date of the most recent Rent Increase. If the date of the notice of final administrative determination described in paragraph 8, subsection C of this Section 6-58.45 is less than 10 months of the effective date of the most recent Rent Increase or the start date of the Tenancy, whichever is later, the Landlord shall impose the Utility Adjustment 12 months after the date of most recent Rent Increase or start date of the Tenancy.
 - b. A Utility Adjustment approval 10 or more months after the date of the most recent Rent Increase. If the date of the notice of final administrative determination described in paragraph 8, subsection C of this Section 6-58.45 is 10 or more months after the effective date of the most recent Rent Increase or the start date of the Tenancy, whichever is later, the Landlord shall impose the Utility Adjustment no later than 60 days after the date of the notice of final administrative determination.
 - c. Current-Year Annual General Adjustment. As permitted by subsection B of Section 6-58.50 and Section 6-58.65 of this Article, the Landlord may impose the Annual General Adjustment at the same time as the Utility Adjustment. The Landlord shall impose the Utility Adjustment at the time required by subparagraphs a and b of this paragraph 9 regardless of whether the Landlord imposes the Annual General Adjustment. If the Landlord imposes the Annual General Adjustment at the same time as the Utility Adjustment, the Utility Adjustment will be applied to the Rent only after the Annual General Adjustment has been applied.

- d. Landlord Notice to Tenant of Utility Adjustment. At least 30 days before the effective date of the Utility Adjustment, the Landlord must complete and serve the Tenant with a form (provided by the Program Administrator) that informs the Tenant of the effective date of the Utility Adjustment, the amount of the Utility Adjustment and which Utilities were included in the calculation of the Utility Adjustment.
- e. Filing of Landlord Notice to Tenant. Within three calendar days of serving the form on the Tenant, the Landlord shall file with the Program Administrator a copy of the form and a proof of service.
- f. RUBS Prohibited. Immediately upon the imposition of the One-Time Utility Adjustment, a Landlord shall cease the use of a RUBS.
- g. Rent Adjustment. The Program Administrator will adjust the Maximum Allowable Rent and Certified Rent based on the Utility Adjustment and provide to Landlords and Tenants the adjusted amounts with the next annual determination of the Maximum Allowable Rent and Certified Rent.

D. Charges Other Than Utility Charges Included in the Rent

A Landlord shall neither unbundle nor increase any charge or fees, such as for parking, storage, pets, or any other charge or fee associated with the use or occupancy of a Rental Unit and attendant Housing Services that is included in the Rent; provided, however, if a Tenant requests and the Landlord provides Housing Services that were not included in the Rent, such as a parking space or an additional parking space, storage space or an additional storage space, or a pet or an additional pet, such charge or fee shall not be included in determining the Annual General Adjustment or an allowable Banked Rent Increase.

E. Tenant Filings.

A Tenant may at any time file a petition for a downward adjustment of Rent pursuant to Section 6-58.75 of this Article if, during the 12-month period used to calculate the One-Time Utility Adjustment, the Tenant paid Utility Charges that were not consistent with the Tenant's responsibilities to pay for Utilities as set forth in the Tenant's Rental Agreement.
- 2. Administrative Review of Unlawful Utility Charges. A Tenant at any time may file a request with the Program Administrator to review overpayment of Rent related to Utility Charges in violation of this Section 6-58.45, in the following circumstances:
