Activities

Updated format for informational workshops to combine sessions on rent increases and terminations of tenancy into a single presentation.

This reduced redundancy for attendees, since most were coming to both sessions and hearing the same

introductory information twice.

Creation and distribution of new program forms and outreach materials.

Continue to make website updates and additions to address recent program developments.

Continue to hold increased number of informational workshops for community members to obtain information and ask questions about City's rent regulations.

Buyout Agreement Submissions

A buyout agreement is a written agreement between a landlord and a tenant, by which a tenant agrees to vacate, usually in return for money. Rent Ordinance 3249 affords protection to tenants who are offered buyout agreements. Buyout agreements must be filed with the Rent Program. Staff review submissions to ensure that tenants have been advised of their rights.

Monitoring of Unit Restrictions

Certain restrictions are imposed on rental units following a terminations of tenancy for "no cause"* and "no fault." These restrictions apply regardless of a change in ownership. Quarterly, staff initiates monitoring on the units subject to restrictions. The monitoring cases remain "ongoing" until staff receives sufficient documentation from property owners to verify compliance with the restrictions.
